SPECIALISING IN
QUALITY CUSTOM DESIGNED
STAIRS & BALUSTRADES

specialising in quality custom designed
stairs & balustrades

Stairs create a
visionary impact to the
entrance of your home.
They make a statement.
They leave a lasting
impression. They must be
meticulously planned and designed
to suit your home.

built by
quality craftsmen

bullnose

180° base tread radius
around the first tread
creates a visually attractive
start to a staircase.

stringer styles

Cut stringers are used to
accentuate the profile of the
treads and risers as opposed
to closed stringers which
emphasise the clean lines of
the staircase.

meticulous attention to detail

wire

The clean lines of a nautical wire and glass balustrading is the perfect complement to the contemporary design.

scrolls

Decorative scrolls create the finishing touch to Georgian and Victorian style staircases. The subtly carved rotating motif returns back upon itself providing a most attractive handrail.

customised stairs
for every situation

Melbourne Stairs, the specialists in hand crafted custom designed timber staircases, offer endless options of balustrading that when combined with the many varieties of timbers and options available, result in a staircase that is unique to your home.

When you need to go up, Melbourne Stairs will advise and design the perfect staircase to suit your needs.

a staircase
for every style...

federation, victorian, georgian,
edwardian & contemporary designs

first class customer service

In today's highly competitive market, there has never been a better time to purchase timber stairs and staircase components. That is why at Melbourne Stairs, we guarantee friendly customer service that offers:

- a display centre that is also open on Saturdays for your convenience;
- fast no obligation quoting;
- professional architectural shop drawings;
- guaranteed quality workmanship;
- precision hand crafted staircase components;
- fast guaranteed delivery and installation times.

At Melbourne Stairs, we continually strive to provide the latest innovations and highest quality stairs and staircase components available in Australia. As preferred suppliers to most architects and leading builders in the building industry, you will see our stairs featured in many homes, apartments and offices throughout Melbourne and beyond.

Our team of experienced craftsmen specialise in creating the very best available staircases from a wide range of components including timber, metal, glass, and stainless steel balustrading.

We enjoy working with exotic timbers such as Jarrah, Sydney Blue Gum, Brush Box and carry a large stock of quality Victorian hardwood and pine materials. Each staircase is built by craftsmen who take pride in the finished product.
